**Aquilan Announces Hosted
Anti-Money Laundering Compliance and Fraud Solution**

***Patriot Manager Express™ to Deliver Automated
Compliance and Fraud Protection in 30 Days***

AUSTIN, TX – March 16, 2009 – Aquilan, a leading provider of anti-money laundering compliance and fraud solutions, today announced the latest addition to its product suite, Patriot Manager Express, a hosted Anti-Money Laundering compliance and fraud solution.

Patriot Manager Express is an automated approach to prevent fraud and address the AML compliance needs of the Insurance, Broker/Dealer and Mutual Funds industries. A hosted solution, Patriot Manager requires no onsite installation and can be deployed in as little as 30 days.

Through automating AML operations, Patriot Manager Express links disparate data from multiple data sources to provide an enterprise-wide customer view and monitor, detect, track/manage and report suspicious activities.

Requiring no long term commitments and a minimum time and resource investment, Aquilan's Patriot Manager Express is a lower cost approach to automated AML operations targeted to smaller organizations with resource and budget constraints.

"In a time of an economic downturn, we are excited to offer a hosted solution that cost-effectively automates AML compliance and strengthens fraud protection," says Clifford Hagler, president and chief executive officer at Aquilan. "With Patriot Manager Express' intuitive design and rapid time to implementation, organizations can be up and running in 30 days, gaining new levels of AML compliance and fraud protection with minimum effort."

Key features of Patriot Manager Express include: customer risk and correlation assessment (KYC); watch list, transaction and agent monitoring; industry-driven red flags/indicators and automated alerts; activity tracking and case management; auto fill and file reports; and electronic audit history.

For more information on Patriot Manager Express, visit the Aquilan website at <http://www.Aquilan.com/Solutions/Express.aspx>
